

# Our Mission

**We bring together people** who are interested in the history of the Granite Falls area.

**We display and teach** that history in a manner that fosters better understanding of our city, county, and region, and helps to encourage appreciation of our heritage.

Fully-rigged spar tree in the main display hall.

**We preserve and interpret** material that establishes or illustrates the history of the area. Media include audio and video tapes, paper, microfilm, and computerized archives.

**We make all this material available**, to the greatest extent possible, to all who wish to examine or study it.

**We disseminate historical information** through a variety of methods, including displays, museum openings, programs, lectures, and internet access, in order to awaken public interest, and to serve as one link in a network of heritage resources.

# Can you help?

**Our museum and Historical Society operate without paid staff.** A dedicated group of volunteers work to keep the museum open and free to the public, as well as catalogue and digitize artifacts donated to the museum. We have a monthly business meeting with a program, and numerous social events through the year. Our work is intended to make our community a better place to live.

**Please join us in this endeavor!**

## Are you new to Granite Falls?

Learn more about your home!

Become a member of the Granite Falls Historical Society.

We operate the Granite Falls Museum, sponsor community events and educational programs, and provide scholarships.

Membership in the Society connects you with people who value and preserve the history of our area.

Dues are \$20.00 per family per year (or \$15 individual, \$100 life membership), and meetings are held on the last Monday of each month at the Village Retirement Center, Alder Ave., at 7:00 PM.
